

My Trip to the Museum

Today, I am going on a trip to the
Texas Forestry Museum.

A museum is a big place with special items. There are five rules to stay safe.

1. Staying with my adult is a very good way to stay safe.
2. Listening to the voice of my adult is a very good way to stay safe.
3. Following directions from my adult is a very good way to stay safe.
4. Walking while inside is a very good way to stay safe.
5. Talking when I have something to say is a helpful inside rule.

There is someone to greet me when I get to the museum.

A museum has many things to see.
I will see a statue of a man with an ax.

I will see a long hallway. I get to walk down the hallway with my adult.

I will see black scavenger hunt boxes.
I can touch the boxes.

I will turn left at the end of the hall.
This is where I enter the History Wing.

The History Wing is a big room. This room has many objects, big and small.
